Venue	SMX CONVENTION CENTER, MANILA, Meeting Room 13
Presentation Title:	JUST SAY YES! - MODERN SMILE DESIGN PROTOCOLS FOR PATIENT ACCEPTANCE
	<p>Patients now a days are smart and well informed while the dental clinicians are now faced by the reality that our patients are expecting predictable and beautifully crafted smiles in harmony with health and function. This session aims to demonstrate how modern principles can guide the dentist in achieving functional, health and beautiful smiles for their indirect restorative patients and how they can utilize them for the patient to say YES to our treatment plans.</p>
