Presentation Title: **THE NEW DENTIST: QUO VADIS? WHAT SPECIALTY FIELD TO PURSUE**

A newly graduated and licensed dentist faces a future that is filled with both joy and trepidation. Though majority of dentists go into general practice; some feel an inclination to concentrate or focus in a certain field of practice. This presentation will hopefully help the new dentist, by providing some guidelines, insights, and thoughts to ponder upon, to help him/her decide which specialty field to pursue and to what degree.
